

PROGRAMUL DE COOPERARE ELVEȚIANO-ROMÂN
SWISS-ROMANIAN COOPERATION PROGRAMME

Specific objectives (outcomes)

1. Increase professional expertise of Romanian specialists from ICAR through training, sharing of good practice and exchange of experience with Swiss counterparts (from Pluriels)

Outputs:

- 1.1. Good practices exchanged between Swiss and Romanian specialists in psycho-trauma, management and care providers
- 1.2. Professional competences of Romanian specialists increased through Swiss transfer of expertise

2. Starting up and developing a Swiss-Romanian training programme on trauma for mental health practitioners in Romania

Outputs:

- 2.1. Training curricula on severe trauma recovery established by ICAR specialists with Swiss supervision and support
- 2.2. Training curricula accredited with the Romanian relevant institutions
- 2.3. First training session for Romanian mental health professionals prepared and delivered by a Swiss-Romanian mixed team of trainers

3. Promote the Swiss-Romanian training programme at national level and build organizational capacity for ICAR Foundation

Outputs:

- 3.1. Appropriate organizational capacity for training activity built for ICAR Foundation
- 3.2. Swiss-Romanian training programme on trauma promoted at national level within professional and academic community
- 3.3. Visibility of the institutional partnership ICAR-Pluriels through the Swiss-Romanian Cooperation Programme, Partnership Block Grant increased
